VIDEO SCREENS & CUBES
CONTROL SOLUTIONS

Bodet

Show your passion for sport

Bodet is a French family company founded in 1868.

It has earned a reputation for its expertise in time management, building on its primary activity of tower clock restoration as Bodet Campanaire.

Over the years, the company has expanded its time precision know-how to apply it to sports scoreboards, industrial clocks and sound systems, as well as time and attendance management. Thus, alongside Bodet Campanaire, the entities Bodet Sport, Bodet Time and Bodet Software were founded.

Bodet Sport draws on the strength of its subsidiary Time & Sport, which has some 180 employees at its site in Trémentines (France), including a design office of 30 people and an integrated production site.

Today, Bodet Sport offers 4 different product ranges to meet the needs of all sports facilities. Scoreboards of all sizes, for all sports and competitions. Video screens and cubes to display scores, intensify matches and display advertising messages. Software solutions to control screens at the touch of a finger. Touch screen consoles for easy score management!

Bodet Sport adapts to the needs of all facilities, from arenas to small gyms, and offers solutions that comply with international regulations.

Video screens to enhance your matches

Every sports competition is a unique event.

How can you use video screens to intensify the most exciting moments?

How can you use video displays to highlight sponsors and generate advertising revenue?

These ever bigger, more impressive and better performing screens bring even more excitement to sport competitions!

Need advice? From arenas to small sport clubs, we have a solution to fit your needs.

»» VIDEO SCREENS AND CUBES

The perfect choice to thrill fans.

More lively, more sensational, more spectacular, more visible: video screens and cubes are great tools to make matches more dynamic and to showcase match highlights.

»» INTEGRATED VIDEO SCREENS

More than just a scoreboard, it's also an LED video screen.

All in one: a scoreboard to display scores and other match data and a built-in video screen to show highlights and sponsor ads.

»» STAND-ALONE SCREENS

Perfectly suited to the budget of small clubs.

Alone or in combination with a scoreboard, stand-alone screens can be adapted to any sport facility. They are a great choice for highlighting financial partners and generating advertising revenue.

»» PERIMETER LED DISPLAYS

Tailor-made and turnkey solutions.

Perimeter LED panels display animated messages and sponsor advertisements across a few blocks or around the perimeter of a pitch.

CONTROL SOLUTIONS

One scoring solution to power one or multiple display boards.

Allows you to manage competition scores, customise and animate match events and display partner videos.

Explore our different control solutions:

SCOREPAD, VIDEOSPORT and VIDEOMEDIA.

VIDEO SCREENS AND CUBES

VIDEO SCREEN **(INDOOR/OUTDOOR)**

Customisable dimensions.

VIDEO CUBE **(INDOOR)**

4 giant screens,
for a 360° display.

A video display worthy of your sport events

Broadcast the live match, spotlight players, replay highlights, showcase partners.

To make the experience larger than life. At the heart of the action. In an arena or stadium.

» **SPECTACULAR**

To give fans a unique experience, take them closer to the action and build emotion in the stands.

» **USER FRIENDLY**

Simultaneous control of one or more screens from the same computer, thanks to our **VIDEOSPORT** software and **SCOREPAD** console.

» **MODULAR**

Customised design to suit the needs of any facility regardless of size: wall-mounted or suspended, easy access from the front or rear, screen definition (pitch), etc.

» **IMPACTFUL**

There is nothing more rewarding for sponsors than to see their names on a giant screen in front of a crowd of spectators.

» **PROFITABLE**

A guaranteed return on investment through sales of advertising space to sponsors and partners.

CONTROL SOLUTIONS:

SCOREPAD

To manage scoring. Did someone score? It will display as soon as you record the point.

VIDEOSPORT

To customise the score display, replay match highlights and promote sponsors.

INTEGRATED VIDEO SCREENS

SCOREBOARD WITH VIDEO SCREEN (INDOOR)

Available for a wide range of Bodet scoreboards.

Make matches even more dynamic with video

Keeping an eye on the score is good. Reliving match highlights is better. The video screen is built into the centre of the board to play match highlights and advertising content. To guarantee exposure for your sponsors.

» **COMPREHENSIVE**

These 2-in-1 displays show match information on the scoreboard and play video highlights and adverts on the screen.

» **CAPTIVATING**

Fans stare at the scoreboard to monitor match information and see the advertisements at the same time. Guaranteed visibility for advertisers! A powerful argument for recruiting sponsors.

» **CUSTOMISABLE**

You can choose from several models, depending on the match details you want to show: team names, player names, points per player, penalties, etc.

» **PROFESSIONAL**

Used at the highest professional levels of team sports (handball, basketball, etc.). Displays comply with the regulations of international sport federations.

» **INTUITIVE**

Pair with **SCOREPAD** and **VIDEOSPORT** for easy, self-contained management of match information and advertising.

CONTROL SOLUTION:

SCOREPAD

To manage scoring.
A customisable plug & play solution with a touchscreen.

VIDEOSPORT

Intuitive and effective.
Displays scores and highlights and showcases advertisers.

CONTROL SOLUTIONS

SCOREPAD

Score management solution

Time-keeping, score display, add on fouls, points per player, time-outs, etc. **SCOREPAD** manages and displays all match information in real time, regardless of the display device: scoreboard, video screen, video cubes or TV screen (HDMI cable).

» TOUCHSCREEN

Large capacitive screen with ergonomic and intuitive interface to control the match in real time at the touch of a finger.

» CUSTOMISABLE

The display can adapt to the chosen sports, the board to which it is connected and to user preferences (team customisation: jersey colours, player names and numbers, etc.).

» PLUG & PLAY

From the smallest facility to the most comprehensive systems. For all levels: from beginners to top-tier clubs.

» DISPLAY ON VARIOUS MEDIA

Display scores on different devices (TV screen, LED screen) thanks to HDMI connectivity and interfacing with VideoSport. Personalise background images and import club and sponsor logos.

PLUS:

- Over 30 sports available.
- Regular updates to reflect changes in sport regulations. Easy to implement via USB stick.
- Store information such as team and player names, player numbers, etc.
- Secured score change can be made in the middle of a match, in record time.

Installation

BT6008

Perimeter LED displays

— Scoring cable (Data)
— Ethernet cable

24-second keyboard

VIDEOSPORT

Display management software

Simultaneous control of 1 to 7 different display devices: scoreboards, video screens and video cubes. **VIDEOSPORT** manages the display of scores, game information, game video replay and advertisements. It offers a variety of easy-to-use features run from the computer installed in the control room.

example

» FIBA CERTIFIED

Level 1 and 2.

» INTUITIVE

With just a few clicks, create a personalised score display based on the sport and level of play. Ability to preview the final result before displaying on one or more video screens (7 outputs).

» POWERFUL

- Automated media distribution through the creation of playlists. Or manually customise dynamic content.
- Introduce the teams, staff and referees before the match.
- Option to link a video or media file to a specific match action to be played automatically if there is a penalty, goal, 3 points, highlight, etc.

» SOCIAL MEDIA

Increase fan interaction by displaying social media posts using predefined hashtags or accounts. A moderator allows you to select messages.

PLUS:

- Complies with the regulations of international sport federations.
- Regular updates to reflect changes in sport regulations:

INDOOR SPORTS

Badminton, 3x3 Basketball, Basketball, Handball, Volleyball, Roller Hockey, etc.

STADIUM SPORTS

Football, Rugby, Field Hockey, Netball, etc.

OTHER SPORTS

Water Polo, Ice Hockey, Tennis, Combat Sports, etc.

- Turn-key video control system and configured as required.

STAND-ALONE SCREENS

SCREEN ONLY OR SCREEN WITH SCOREBOARD (INDOOR/OUTDOOR)

Number of modules defined according to need.

Can be used alone, as an addition to an existing scoreboard or delivered directly with a new scoreboard.

A new source of income for sport clubs

A tailor-made board to meet any need and budget, even the tightest.

These modular solutions are available in multiple sizes, but they all have the same goal: to boost advertising revenue and become a source of income in their own right. The ideal solution for small clubs.

>> ECONOMICAL

Generate significant income quickly by selling advertising space to sponsors.

>> CONVENIENT

With a simple USB stick or Wi-Fi connection, the advertisements of each sponsor can be displayed and easily changed.

>> ROBUST

Resistant to impacts and extreme temperatures. Available in indoor and outdoor versions.

>> ATTRACTIVE

Give clubs a modern, engaging image with optimal readability, even in direct sunlight.

>> MODULAR

Mounted on a wall or mobile stand or suspended, they adapt to any facility.

VIDEO PACKS:

For a comprehensive solution that is simple, fast and easy to install. Wi-Fi or USB connectivity.

+ INDOOR PACKS

4 or 6 video modules for one screen that is 2 or 3 metres long.

+ OUTDOOR PACKS

2, 3 or 4 video modules
High luminosity so they are visible even in full sunlight.

Installation example

Stand-alone perimeter LED displays

Wi-Fi

PC communicates with video display

CONTROL SOLUTION:

STAND-ALONE VIDEO PLAYER

The video player on stand-alone screens allows you to create and customise video playlists with just a few clicks. This can be done using a variety of media inputs, including videos, images, Microsoft Office documents, RSS feeds and more. Control solution included: player and software.

- » **EASY**
Create and save playlists in a few clicks. Save to a USB stick or the Cloud, send from a computer via Wi-Fi. When the playlist is loaded, it is immediately saved and plays automatically.
- » **PROGRAMMABLE**
Once the playlists have been created and saved, you can schedule them to play later.
- » **ADAPTABLE**
The read times for each item in the playlist can be personalised. To display the time, temperature or any other message.

PERIMETER LED DISPLAYS

PERIMETER LED DISPLAYS (INDOOR/OUTDOOR)

Tailor-made dimensions: from a few modules to the entire perimeter of the pitch.

Multiple modules for endless possibilities

On the ground, single units or 360° wraps around the stands or around the pitch, indoors or outdoors. Use them to highlight one or more partners and more. Multiple uses to promote sponsors in any setting.

» PROFITABLE

The investment pays for itself through sales of advertising space to sponsors.

» RESISTANT

Suitable for both indoor and outdoor use and in any weather. Proven resistance against ball impact.

» MADE TO MEASURE

Dimensions and screen resolution to be determined according to the needs and characteristics of the facility.

» COMPACT

Replaces the multitude of sponsor banners. More compact, more visible and more adverts!

Installation example

Scorepad keyboard

Perimeter LED displays

Video control system with Videomedia software

— Ethernet cable

CONTROL SOLUTION:

VIDEOMEDIA

Software suite specially developed to manage multimedia content display (video, images, logos, etc.) and to broadcast partner advertisements on the sides of the pitch.

» CUSTOMISABLE

- Personalised design and display of videos, images, text messages and advertisements.
- Ability to preview before displaying on the perimeter displays.
- Recording feature to save each playlist for later use.

» ANIMATED

Create special dynamic content and playlists for the key moments in each match: pre-game, halftime, time-outs, individual fouls, goals, etc. Multiple animated sequences you can customise.

» ECONOMICAL

Maximise the profitability of your advertising revenues based on the advertisers' budget. Record the run times of each advertisement on a spreadsheet to capture the time of exposure to the public.
