Result wrong after round
Regarding the Norway complain about two matches being wrongly recorded

Item: 1

MAP fencing is a very complicated competition. It is different to any other fencing competition.

Today we have seen a very good performance by the referees. However, although the number of mistakes have been very low comparing to most of the MAP fencing championships so far, there have been some that are considered as normal due to the length of the competition and its special peculiarities.

Regarding the Norway complain about two matches being wrongly recorded the Technical Jury decision is as follows :

1. The signature of the results involved only one of the affected competitors. One competitor signed the results (it was a victory for him instead a defeat). The two others athletes involved detected a mistake and did not sign the results. So the signature process was not completed.
2. All athletes involved affirm that the combats finished in the way Norway is requesting.
The athlete who signed the results recognises he did not check them properly, and that result was wrong.
3. Regarding the combat between Sandberg and Roesok, two members of the CSC were watching the match and realised that Sandberg was touched at least once, therefore the result could not be 3-0 in favour of Sandberg.
4. Regarding the combat between Roesok and Muller there were no witnesses.
5. It looks that the most probable reason for those mistakes was that the names or the positions of the athletes were mistaken. In fact, this has happened a few times in other matches along the competition. It was detected and then changed.

Therefore, the decision of this technical jury is:

- 1) Unanimously accept changing of the result from Sandberg x Roesok combat as follows:
Sandberg (NOR) D0 x V3 Roesok (NOR)
- 2) Accept (2X1 votes) changing of the results from Roesok x Muller combat as follows:
Roesok (NOR) V3 x D2 Muller (NOR)

Finally, the Jury would like to emphasize the discretion and professionalism from the referee team during the day.

This decision is far from challenging their judgment, rather is committed to the MAP and CISM values of Friendship through Sports, in the sense that in previous years the same problem has happened and the Jury acted in a way to be consistent to this issue.
