WELCOME

TO THE 50TH WORLD MILITARY SAILING CHAMPIONSHIP IN FINLAND

DEAR PARTICIPANTS AND GUESTS

I wish to extend my warmest greetings and welcome you as our distinguished guests to the 50th World Military Sailing Championship in Helsinki and the Finnish Naval Academy. Thank you for accepting our invitation.

As this year's championship is a milestone for the International Military Sports Council, CISM and Military Sailing, it is also a significant year for the Finnish Defence Forces and the Finnish Navy as we celebrate our 100 year anniversary.

Finland has been an active member of CISM since 1964. This is the first time Finland is hosting the World Military Sailing Championship. On the Nordic and regional level we have hosted sailing championships since 1990 when the Finnish Navy Sailing Team was founded and joined the family of military sports.

We are very proud that CISM has entrusted the Finnish Navy to host this championship.

Friendship through sport!

Veijo Taipalus
Vice Admiral

Commander of the Finnish Navy

DEAR PARTICIPANTS, DISTINGUISHED GUESTS, SAILORS

Welcome to the Finnish Naval Academy. We are truly proud to be given the honor of organizing and hosting the 50th World Military Sailing Championship. Our team has worked hard to ensure that you have every possibility to come together, gain new friendships, race against each other with high spirits and have a great time in a safe and secure environment. Our entire organization and personnel will be at your service from the day one onwards. Do not hesitate to ask for guidance, assistance or offer advice.

Here at the Naval Academy we mainly train naval cadets, naval reserve officers and petty officers in addition to various focused training events. We take great pride especially in our high-grade shallow waters navigation training and education. Our premises are rich with naval traditions and we are very committed to our mission. Our values are Professionalism, Reliability, Commitment and Sense of Community. I sincerely hope you are able to sense them during your stay at the Naval Academy.

It is our sincerest hope that you are able contribute to the overall aim of the International Military Sports Council: Friendship through sport and active commitment out at sea as well as during your time off.

We look forward to the upcoming days with you and expect great races and shared moments.

Tuomas Tiilikainen
Captain (N)

Commandant of the Finnish Naval Academy

FACTS ABOUT FINLAND

CLEAN LAKES – LOTS OF THEM !

Finland is often called the Land of a Thousands Lakes. A modest name considering that there are, in fact, 188 000 lakes in the country. As many of these lakes are very large in size, a great part on Finland is covered in water- making Finland distinguishably different from other European countries

WILD NATURE

Finland is a country of vast green forests, beautiful Baltic Sea islands, windswept arctic fells and thousands of blue lakes. These untouched and beautiful landscapes provide habitat for thousands of wild animals and birds - many of which can be seen on arranged wildlife excursions and bird watching sanctuaries

AURORA BOREALIS

One of the most remarkable features of Finland is light. When the endless sunshine of summer gives way to dark winter, the Northern Lights appear like magic and lighten up the sky. The further north you go, the greater the chances of spotting the Aurora Borealis - in Finnish Lapland they can appear on 200 nights a year. In Helsinki and the south, The Aurorae can be seen on roughly 20 nights a winter, away from city lights.

FINNISH SAUNA

Sauna forms a great part of our country's heritage and culture. It is estimated that there are over two million saunas in Finland. For a population of 5.3 million, this equals to an average of one per household - there's even one inside parliament

MIDNIGHT SUN

In the northernmost parts of Finnish Lapland, the sun stays above the horizon for over 70 consecutive days.

HELSINKI GENERAL "TOURIST INFORMATION"

GENERAL INFORMATION ON HELSINKI

History

By decree of King Gustav Vasa of Sweden in 1550, the city was founded at the mouth of river Vantaa. From there, the city was moved further south to its present location in 1643.

Population

Population of Helsinki is becoming more and more international every year. Over ten percent of the population speaks as a mother tongue other language than Finnish or Swedish.

General information on Helsinki

Today, Helsinki is the Capital of Finland and the centre of the Helsinki Region, a functional urban region of about 1.4 million inhabitants and 751,000 jobs.
